

HONEYCOMBE CHINE: BOSCOMBE

Barratt Southampton

CASE STUDY

Honeycombe Chine is a beautiful and unique development of 169 exclusive apartments in a superb beachfront location - Boscombe Beach.

All apartments are finished to the usual high specification associated with Barratt Homes together with a 24 hour, 7 day a week concierge, CCTV, electronic gates to the car park and now, a state-of-the-art onsite fitness facility, designed and installed by motive8.

The scheme is situated to the east of the infamous Sandbanks Peninsula, from where resident Harry Rednapp came to officially open the new Honeycombe Chine fitness facility.

Set over almost 1300 square feet, the new gym offers a comprehensive selection of life fitness cardiovascular equipment alongside strength and resistance apparatus to provide a full body workout. There is also floor matting, a good selection of free weights and Swiss balls for core stability exercises.

The gym is open 7 days a week and utilises a secure key fob access system to ensure exclusivity for residents as well as an enjoyable and comfortable workout environment at all times. Residents also have access to the **motive8** training team, who is on hand to supply a full on site personal training service.

“The gym at Honeycombe Chine has been extremely well received by all residents. It is a positive selling point for Barratts when potential buyers and investors initially enquire and for letting agents who use it to impress when viewing the apartments.”

Andrew, Concierge, Honeycombe Chine.
