

MOTIVE8 SCHOOLS SPORTS PROVISION

CURRICULAR PROVISION

Physical Education

motive8 provides curricular PE provision to meet a school's delivery requirements in line with government targets, ensuring children receive a high quality, active learning experience. Units of work are designed to meet National Curriculum guidelines and are taught by qualified, experienced and motivating coaches.

Sports Days

motive8 provides varying levels of sports day involvement from giving advice and assisting on the day to organising the entire event from start to finish. Whilst we aim to ensure that all children are active and having fun, we also endeavour to introduce an element of competitiveness.

SPORTS LEADERS UK YOUNG LEADERS AWARD

This certified award offers children aged between 9 and 13 the opportunity to develop their all-round leadership skills. Tuition focuses in areas such as communication, organisation, responsibility, safety, cooperation and, above all, enjoyment.

EXTRA-CURRICULAR PROVISION

Sports Clubs

motive8 delivers a variety of extra-curricular clubs in schools which can be run at breakfast, lunch or after-school. We cover all sports from netball, hockey and football to cheerleading, gymnastics and street dance.

For further details, please contact the motive8 Schools team.

The SMSP Sports Day is the final curricular event in our summer term calendar and, as always, helped end the school team's year on a high.

The motive8 schools coaches arrived early afternoon and, having picked up their event packs, headed out to the field to await the arrival of the teams.

To open the afternoon of sport, members of the motive8 street dance club performed a routine for their family and friends. The performance was fantastic and received huge applause from both children and parents.

After a quick run through of the programme, the day got underway. Teams moved around several different events, encouraging each other along the way.

There was also a great turn out from parents, offering their support to their children's teams.

Once the teams had rotated between all events, everybody came back together for the relays. The support and encouragement from the teams, parents, teachers and motive8 staff played a key role and really gave the competing children an extra confidence boost.

Following in the footsteps of their children, mums and dads were encouraged to compete in races of their own. Although just a primary school sports day, the parents displayed some serious levels of determination and competitiveness, with close finishes in each race.

At the end of the day, the results were announced, with thank yous all round for those that had helped out. The event was once again a huge success, with a combined effort from teachers and the motive8 team to run the day.

“ motive8 always makes sports day that extra bit special - they create a brilliant atmosphere for the children, helping them to see how much fun and enjoyment sport can bring. We cannot begin to thank the team enough for their help and support.

Rob Waiting, Phase Leader, St Mary's & St Peter's School
