

TESTIMONIALS

“motive8 is so well organised, friendly and enthusiastic. All the children and staff thoroughly enjoy working with them.”

Ruth Levin, Deputy Headteacher, Hampton Wick Infant School

“Working with motive8 makes life as a PE Coordinator, in a large primary school, much easier due to the professional nature of the company. We get a lot back from motive8 working in our school, and having one person to communicate with for all clubs means the school is always aware of what is going on.”

Jenny Day, PE Coordinator, Collis Primary School

“motive8 has become a vital resource in our school, fulfilling our physical education curriculum and enabling us to hit our targets for activity provision. The sports day is a huge success every year with both children and parents alike.”

Debbie Knight, School Business Manager, Kew Riverside Primary School

“The children form a really close relationship with the motive8 coaches that are assigned to the school. They look forward to PE lessons and have fun, which is vital in teaching them good activity habits for life. We have also seen a marked and rapid improvement in their skill development through the motive8 provision.”

Katie Bentham, Deputy Headteacher, Marshgate Primary School

“motive8 has worked closely with the school to offer a fun-packed and hugely enjoyable club that the children love. The opportunity to take part in tournaments and motive8's excellent organisation have made Hampton Hill's partnership with motive8 extremely successful.”

Paul Gilbert, PE Coordinator, Hampton Hill Junior School

“ Children spend up to a quarter of their school day in the playground. Making best use of play times can help tackle the inactivity, boredom and poor behaviour that can intimidate children and affect lessons. Improving the play time environment can impact significantly on school life .
”
DfES, Primary Playground Development, 2005

motive8 is always looking for new ways to make a child's life more active, particularly when it can have a positive effect on multiple aspects of their schooling. In response to this, we offer the Sports Leaders UK Young Leaders Award to all of the primary schools that we work in.

The award teaches leadership skills to children in years 5 & 6, using an assortment of games and activities promoting good communication, co-operation and responsibility. The children also learn about the safety of looking after others as well as developing activities for younger age groups.

motive8's Leadership Coordinator, Emma Rudelhoff, delivered this course to five different schools throughout 2009

and 2010, engaging 93 young people in training. 83% of the young people thought that every aspect of the course would be beneficial to them as a young leader.

To help the award stand out above any other provider, we have developed a colourful, engaging and stimulating workbook. Developed using the knowledge of head teachers and teachers, the workbook combines literacy and numeracy with physical education, all in line with National Curriculum Key Stage 2.

The course can be run either as an intensive 2 day course for a group of 15 pupils, as 3, 2 hour workshops or as a 1 hour per week session, all within curriculum time. Upon completion, children receive a workbook, Sports Leaders certificate and a motive8 certificate.

“ It is vital that young people have the opportunity to learn the skills required for organising sport and physical activity. The Sports Leaders UK Young Leaders Award provides excellent training for these young people and gives them skills which will stay with them for the rest of their lives.
”
Gary Palmer, motive8 Education and Coaching Consultant

“ Thank you for three amazing afternoons. They have really helped me.
”
Katie, Kew Riverside Primary School
