

EXTRA-CURRICULAR - WHAT WE OFFER

SPORTS CLUBS

Each club is based on a 10 - 12 week scheme of work that aims to progress the children's skill levels and work towards an end focus i.e. match tournament, award or display. Sessions are differentiated in order to accommodate every child and delivered in a safe, motivational environment.

Available clubs include:

Arts

- Gymnastics
- Cheerleading
- Street Dance

Invasion Games

- Netball / Handball / Basketball
- Tag Rugby
- Football
- Hockey

Other activities

- Tennis
- Athletics
- Skipping
- Multi-sports

INTRA & INTER-SCHOOL COMPETITIONS

Another element of our provision is our intra and inter-school competitions which function as a great way to introduce children to the world of competitive sport. Our dedicated Schools Competitions Manager aims to keep the competitive edge of sport alive at the same time as enabling children to socialise with other schools as well as bond themselves within a team.

CHARITY EVENTS

We also promote physical activity and sport through events, many of which are run in aid of charity. Events such as running the Sport Relief Mile help to link sport with the wider community as well as bringing out the positive aspects and benefits of what can be achieved through taking part in physical activity. Events can also be tailor-made and delivered on request.

For further details, please contact the motive8 Schools team.

“ We need to revive competitive sport in our schools. Fewer than a third of school pupils take part in regular competitive sport within schools, and fewer than one in five take part in regular competition between schools.

Education Secretary, Michael Gove, The Daily Mail 26th June 2010 ”

In 2010, motive8 launched its school sport competition programme. The programme, a response to requests from local schools, provides at least one inter-school competitive opportunity every half term for young people at a central venue. We have established a programme of activity to deliver clear, consistent and progressive competitive opportunities for all young people.

All of the events were organized by motive8's own Competition Manager and delivered and officiated by a team of motive8 schools coaches. Young Leaders trained by motive8's Leadership Coordinator assisted with the running of the events, providing valuable practical experience for the students.

Quad Kids at SMU Track August 2010

Football Tournament at Kew Riverside Primary February 2010

Netball Tournament at Marshgate Primary July 2010

Whilst most local competitions cater for years 5 and 6 only, motive8 covers all of KS2.

Competitions for 2010 included High-5 Netball, Football, Cricket and QuadKids Athletics. Each of the events follows the age group guidelines for each national governing body and every effort is made to be totally inclusive, encouraging mass participation but also celebrating excellence and talented performers.

motive8's competition programme aims to support the National Competition Framework for young people, which sets out the following vision:

- A world-class system of competitive sport for young people
- Transformation of the content, structure and presentation of competitive opportunities for young people of school age
- A heightened profile for school sport and, specifically, competitive opportunities

Over 400 young people have taken part in motive8 competitions this year, including 160 young people who all took part in the QuadKids athletics event, which was hosted at the England Athletics High Performance Centre at St. Mary's University College.

“ Thank you very much for organising the brilliant (athletics) event. Our kids thoroughly enjoyed it.

James Watson, PE Coordinator, Stanley Junior School ”

“ Friday was great - thank you for organising the (QuadKids) athletics - Please 'keep us in the link' as we really enjoy the competitions.

Sally Little, PE Coordinator, Unicorn School ”
